Pursuant to G.S. 93B-8.1, the Board may not deny a license to an applicant due to a criminal conviction until it considers the factors set forth in G.S. 93B-8.1(b1) and, if a license is denied, complies with G.S. 93B-8.1(b2). *(Adopted June 19, 2003; revised August 15, 2019)*

3. GUIDELINES FOR RULES SECTION .0500:

4. GUIDELINES FOR RULES SECTION .0600:

4.1 Renewal of school approval.

Pursuant to Rule .0601(c), for renewal of approval each approved school shall submit an annual report to the Board by April 1, of the year the school's approval expires. Such report shall be made on a form provided by the Board, and shall be accompanied by the required documentation and the renewal fee. The renewal fee is payable in the form of a business check, certified check, or money order. *(Adopted January 6, 2000; revised August 30, 2001; revised October 16, 2009)*

4.1.1 Two-year renewal.

Pursuant to Rule .0601(c), if a school has remained in compliance with all Board rules for a period of five consecutive years and has no disciplinary action taken against it by the Board for a period of five consecutive years the Board may increase the period of approval for that school from one to two years. Some criteria the Board decided would indicate a one-year renewal rather than a two-year renewal were:

- (1) Change of ownership
- (2) New Program Director
- (3) Excessive faculty turnover in core classes (it is presumed that a turnover rate of 40% or more would be excessive)
- (4) Disciplinary action by the Board
- (5) Failure to comply with the Rules of the Board or the Practice Act
- (6) Consistent low pass rate on the examination

(7) Negative surveys from students, graduates, or employer's of graduates
(Revised October 1, 2007)

4.2 School approval to be maintained on a continuous basis.

Pursuant to G.S. 90-629(4), "successful completion of a course of study at a Board-approved school," shall mean that the applicant graduated from a school that maintained its approval status with the Board on a continuous basis during the applicant's time of enrollment. (Adopted August 30, 2001)

4.3 Lapse of approval status; reinstatement; expiration of approval.

4.3.1 If a Board-approved school has not met the requirements for renewal by June 30 of the fiscal year, its approval status shall be deemed lapsed.

4.3.2 Approval may be reinstated by the Board if such a school completes its renewal process by July 31 of the fiscal year. A school which has had its approval reinstated following a lapse of no more than 30 days shall be considered to have maintained its approval status on a continuous basis, pursuant to Guideline 4.2, above.

4.3.3 Approval status that has been lapsed for more than 30 days is expired. An expired school approval cannot be renewed; the school shall make an application for initial approval according to the requirements and fees at that time.

(Adopted August 30, 2001)

4.4 Public access to information submitted by schools as part of the approval or renewal process.

4.4.1 The Board recognizes that much of the information that a school is required to submit as part of the requirements for school approval constitutes a "trade secret" as defined in G.S. 66-152(3) of the Trade Secrets Protection Act.

4.4.2 Therefore, pursuant to G.S. 132.1.2 of the Public Records Act, the Board deems only the following portions of the application for school approval or renewal, or applications for approval or renewal of additional programs or locations, to be "public records" which are available for access: Application Form; Ownership Structure; Accreditation or Other Agency Approval; Facility Plans; Administrative Personnel Forms, Instructional Personnel Forms, Core Curriculum Requirements Form.

4.4.3 The Board also deems any information submitted to the Board by national certification agencies on the annual or aggregate pass rates of a school's graduates on national certification examinations to be "public records."

(Adopted August 30, 2001)

4.5 Approval of additional programs.

Pursuant to Rule .0602(3), an "additional program" is defined as a program, that is a different title, subject matter, or that increases or decreases by more than 10 percent the number of hours of instruction than the program under which the school received its initial approval from the Board. An approved school that intends to offer an additional program is required to submit an Application for Additional Program Approval. *(Adopted August 30, 2001; revised December 6, 2007)*

4.6 Additional locations.

Pursuant to Rule .0602(2), an "additional location" is defined as a facility not part of, nor adjoining the facility of an approved school, where an approved school intends to offer a program. Each such location is considered a separate school, requiring a new Application for School Approval to be submitted to the Board. *(Adopted August 30, 2001; revised December 6, 2007)*

4.7 Core curriculum requirement regarding fundamental theory and practice defined.

4.7.1 Pursuant to the scope of practice as defined in G.S. 90-622(3), and to the Core Curriculum Requirement set forth in Rule .0602(9), "A course of study or curriculum consisting of a specified number hours of instruction consistent with the standards set forth in Rule .0620 of this Section that is intended to teach adults the skills and knowledge necessary for the professional practice of massage and bodywork therapy, as defined in G.S. 90-622(3). Each program specified number of instructional hours shall be considered a separate program for the purposes of Board approval, and shall require a separate application for approval".

4.7.2 Course work in techniques which are considered to be exempt pursuant to G.S. 90-624(6) or (7), and which are identified in Guidelines 1.10 and 1.11 herein, do not meet the Core Curriculum Requirement set forth in Rule .0620(2). However, a maximum of 50 hours of such course work may be applied to the requirement

set forth in Rule .0620(2)(f), which includes “other courses related to the practice of massage and bodywork therapy.” *(Adopted August 30, 2001; revised December 6, 2007)*

4.8 Pre-admission orientation session required.

Each approved school shall regularly conduct an orientation session for persons who have applied for admission to the school’s training program in massage and bodywork therapy. Such orientation shall include an overview of the program’s educational objectives and curriculum, the physical, academic, and behavioral requirements of the program, existing employment opportunities in the field in the area in which the school is located, the time and financial requirements of the program, and state licensing requirements. *(Adopted October 16, 2003; revised December 6, 2007)*

(Adopted February 19, 2009)

5. GUIDELINES FOR RULES SECTION .0700:

Pursuant to Rules .0303 and .0701, licensees shall submit documentation of the approved continuing education courses they have taken during the current license period to meet the continuing education requirement for license renewal. At a minimum, such documentation shall include the course title, date completed, name of institution or course sponsor, location, and number of classroom hours of instruction. *(Adopted August 30, 2001; revised August 15, 2019)*
